

# Easy Cut™ 5000

The Easy Cut 5000 safety knife is an auto retractable cutter. The patented trigger-in-trigger provides further safety from accidental exposure to the razor sharp blade. Blade change is as simple as squeezing the trigger and pressing a button.

The Easy Cut 5000 offers patented “Blade Vanishing Technology,” enabling the blade to instantly retract inside the unit when it loses contact from the cutting surface, protecting the user every time. The patented knife includes a tape splitter and ergonomic squeeze handle to engage the blade.
