

SAFETY KNIFE SELECTION GUIDE

Safest Option ↑	Concealed Blade Knives		RECOMMENDED KNIVES	Light Duty	Medium Duty	Heavy Duty	Shrink/Film	Cardboard	Strapping	Tape
	<p>The concealed blade eliminates the threat of users seriously injuring themselves on an exposed blade.</p>  		Klever X-Change Klever X-Change DX Klever X-Heads Klever DX-Heads Klever Kutter A31 A57 A23HD A25							
	Ceramic blade - Dual Action Safety Knives		RECOMMENDED KNIVES	Light Duty	Medium Duty	Heavy Duty	Shrink/Film	Cardboard	Strapping	Tape
	<p>The dual action safety knife can be further enhanced by the use of ceramic blades. Ceramic blades offer 10x more longevity than steel and are specially honed to prevent cuts to the users skin.</p> 	Slice Smart retract knife								
	Dual Action Safety Knife		RECOMMENDED KNIVES	Light Duty	Medium Duty	Heavy Duty	Shrink/Film	Cardboard	Strapping	Tape
	<p>The dual action safety knife features double springs and automatically retracts. Once pressure has been removed off the blade, the blade automatically retracts regardless if the users finger still remains extended on the lever.</p> 	A58 Squeeze								
	Single Action Retractable Knife		RECOMMENDED KNIVES	Light Duty	Medium Duty	Heavy Duty	Shrink/Film	Cardboard	Strapping	Tape
	<p>The single action retractable knife is engineered to retract only once finger has been removed from lever.</p> 	Slice Auto Retract A38 A27 A33 A33LH								
	Single Action Retractable Knife		RECOMMENDED KNIVES	Light Duty	Medium Duty	Heavy Duty	Shrink/Film	Cardboard	Strapping	Tape
<p>The manual and fixed blade knife variety offer little to no protection for users and are most likely to inflict injury on its user.</p> 		Slice Manual Retract Slice-SC A09 ARD
