SPRING LOADED SAFETY KNIFE

A27

AUTO RETRACT MECHANISM

Code: A27

The A27 Metal Safety Knife has a strong die cast metal body for durability and strength. The auto retract blade mechanism provides better hand protection when you are cutting. Extra large blade slider offers you better control with cutting and blade exposure.

A27 Spring Loaded Safety Knife

- Die cast metal body for durability and strength
- Blade automatically retracts after cutting to prevent accidents
- Extra large blade slider for better control with cutting and adjust blade exposure
- Fits all heavy/standard duty utility blades
- Suitable for left and right handed users

How it works:

1. Push blade out to begin cut.
2. Release blade slider while cutting.
3. Blade automatically retracts after cutting. This prevents accidents.

APPLICATION:

✓ Cardboard	✓ Packaging	✓ Tapes
✓ Bubble Wrap	✓ Paper Bags	✓ Pallet Coverings

REPLACEMENT BLADES:

A05D/Y	A58 Blades	A33 Blades	A33 Blades	A05RC
905.064	907.064	C20C		

BLADE CHANGING INSTRUCTIONS:

<p>STEP 1</p>	<p>Hold blade with the screw facing you.</p>	<p>STEP 2</p>	<p>Use a screw driver to remove the screw.</p>	<p>STEP 3</p>	<p>Lift the body of the A27 away exposing the blade.</p>	<p>STEP 4</p>	<p>Carefully take the blade out.</p>
<p>STEP 5</p>	<p>Rotate the blade before reloading. Or replace with a new blade.</p>	<p>STEP 6</p>	<p>Make sure that the blade is secure in the blade slots.</p>	<p>STEP 7</p>	<p>Re-assemble and tighten the screw. Test safety knife operates correctly.</p>
