

FCP Descending Temperature Indicators

- **Accurate, irreversible colour change**
- **Accuracy independently verified at $\pm 1^{\circ}\text{C}$**
- **Easy to implement, use and maintain**
- **Environmentally safe with no toxic chemicals**

FCP provides a clear visual indication that products have been exposed to falling temperatures.

FCP shows when products have been exposed to below threshold temperatures with an irreversible, colour change from green to red.

FCP alerts key stakeholders throughout your supply chain if a product has been exposed to a cool or freezing temperature that may compromise quality or efficacy.

Specifications

Temperature Range	Within $+15^{\circ}\text{C}$ to -2°C
Common Temps / Available Temps	$+15^{\circ}\text{C}$, $+2^{\circ}\text{C}$, 0°C , -2°C / $+10^{\circ}\text{C}$, $+4^{\circ}\text{C}$, $+6^{\circ}\text{C}$
Accuracy of Temperature	$\pm 1^{\circ}\text{C}$ / $\pm 2^{\circ}\text{F}$
Dimensions	29mm x 30mm
Environmental	Non-hazardous, normal disposal
Shelf Life / Storage	1 year / Room temperature
